PROFESSIONAL SUMMARY

B.E Computer Science and Engineering graduate with hands-on experience in HTML, CSS, JavaScript, and React through academic projects and practical training. Have a basic understanding of Java, SQL, and Python, and currently undergoing Java Full Stack Development training to strengthen backend and full-stack development skills. Interested in building responsive web applications and continuously learning new technologies. Eager to start my career as a software developer and contribute to real-world projects.

SKILLS

Languages

HTML5, CSS3, JavaScript (ES6+), Python(Basic)

Frameworks & Libraries

React.js, Bootstrap 5, Responsive Design

Tools

Git, GitHub, VS Code, Eclipse, Vercel

Core skills

Problem Solving, Teamwork, Communication

PROJECTS

Lumiere Skincare – React.js E-commerce Website

- Developed a responsive e-commerce website with 4+ pages, including Home, Product Catalog, Skin Type Quiz, Ingredients Spotlight, and Contact.
- Implemented reusable React components, client-side routing, form validation, and responsive layouts using React.js, JavaScript, HTML5, and CSS3.
- Tested key features and user interactions during development to identify issues and ensure expected functionality across different screen sizes.

Responsive Restaurant Website - HTML5, CSS3

- Developed a responsive restaurant website using HTML5 and CSS3 without using Bootstrap or other UI frameworks.
- Designed a clean and user-friendly interface with sections for Home, Menu, Services, and Contact.
- Implemented responsive layouts and navigation to provide a consistent experience across different screen sizes.

INTERNSHIP

Java Intern - Srishti Innovative

- Gained hands-on exposure to Core Java programming concepts.
- Practiced writing simple Java programs using Eclipse IDE.
- Strengthened problem-solving and debugging skills through coding exercises.

10/2024 – 11/2024
Technopark, Trivandrum

Full Stack AI Development - Iconix Software Solutions

- Attended training sessions on Full Stack AI Development concepts.
- Learned the fundamentals of frontend, backend, and AI integration.
- Gained exposure to the software development lifecycle and industry practices.

08/2024 – 09/2024
Tirunelveli

EDUCATION

Bachelor of Engineering in Computer Science & Engineering,
Sivaji College of Engineering & Technology, Anna University

2022 – 2026
Tamil Nadu
