### PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in frontend web development using HTML, CSS, JavaScript, React.js, and Bootstrap. Familiar with Java, object-oriented programming, data structures, and database management systems through academic coursework and internships. Passionate about building responsive, user-friendly web applications and seeking an entry-level Frontend Developer or Software Developer role.

### SKILLS

#### Languages

HTML5, CSS3,  
JavaScript(ES6+)

#### Frameworks & Libraries

React.js, Bootstrap 5

#### Tools

Git, GitHub, VS Code, Eclipse,  
Vercel

#### Core skills

Responsive Web Design,  
Problem Solving, Teamwork,  
Communication

### PROJECTS

#### Lumiere Skincare – React.js E-commerce Website

- **Developed** a responsive skincare e-commerce website with **4+ pages**, including Home, Product Catalog, Skin Type Quiz, Ingredients Spotlight and Contact
- **Implemented** reusable React components, client-side routing, form validation, and responsive layouts using React.js, JavaScript, HTML5, and CSS3.
- **Deployed** the application on Vercel and **strengthened** practical skills in React, component-based architecture, state management, and responsive web development.

#### Responsive Restaurant Website - HTML5, CSS3

- **Developed** a responsive multi-page restaurant website using HTML5 and CSS3, featuring Home, Menu and Contact pages.
- **Designed** an intuitive and visually appealing user interface with responsive layouts to ensure compatibility across desktop, tablet, and mobile devices.
- **Strengthened** practical skills in semantic HTML, responsive web design, and frontend development best practices.

### INTERNSHIP

#### Java Intern - Srishti Innovative

10/2024 – 11/2024 | Technopark, Trivandrum

- Gained hands-on exposure to Core Java programming concepts.
- Practiced writing simple Java programs using Eclipse IDE.
- Strengthened problem-solving and debugging skills through coding exercises.

#### Full Stack AI Development - Iconix Software Solutions

08/2024 – 09/2024 | Tirunelveli

- Attended training sessions on Full Stack AI Development concepts.
- Learned the fundamentals of frontend, backend, and AI integration.
- Gained exposure to the software development lifecycle and industry practices.

### EDUCATION

#### Bachelor of Engineering in Computer Science & Engineering

2022 – 2026 | Tamil Nadu

Sivaji College of Engineering & Technology, Anna University

### CERTIFICATIONS

- IBM SkillsBuild : Web Development Fundamentals
- Microsoft Learn : Introduction to Generative AI and Agents
- Paper Presentation : New Gen AI in Web Application Security
- Workshop : Virtual Reality Changing Engineering Industry
